MSA 4X4 Towing Mirrors are pre-wired to plug directly into your vehicle's existing harness in place of the OE mirror. Features offered in MSA 4X4 Towing Mirrors are only available if the features already exist in your standard OE mirrors. For example, if your OE mirrors do not offer the Blind Spot Monitoring feature as standard, or Mirror indicators as standard, then an MSA 4X4 Towing Mirror with Blind Spot Monitoring function or with indicators, will not work on your vehicle.
