New Age Caravans

MY24 Road Owl Expedition.

'Designed for the road ahead' just went to a new level, with New Age Caravans today launching the Expedition option in the MY24 Road Owl range.

The Expedition range is designed for off-road durability meticulously crafted to offer increased strength and ground clearance for extended trips away from the bitumen.

While the MY24 Road Owl Adventurer range already includes a huge list of off-grid features, such as the XT suspension, two 100ah AGM batteries, 200w solar panel, recessed cooktop the Expedition range takes it to a new level.

The Expedition upgrades include an updated, expanded warranty, underbody protection, filament sprayed wheel arches, an upgrade to lithium batteries as well as an additional 200w solar panel, bolted furniture, a composite floor, new flat profile windows and an updated decal kit.
